

Curriculum Vitae

PERSONAL DETAILS

Full Name: Fulvio Raddi
Email: fulvioraddi@gmail.com
fulvio.raddi@econ.ubbcluj.ro
Tel. : (+39) 3349986378
Birth Date: 13/04/1993
Place of Birth: Salerno, Italy
Nationality: Italian
Website: <https://fulvior.github.io/>

PROFILE SUMMARY:

PhD fellow in Statistics and Econometrics under the Marie Skłodowska-Curie Actions program. Passionate about leveraging advanced mathematical models and forecasting techniques to address complex challenges in finance. My research interests center on the application of unstructured data to improve the accuracy and explanatory power of econometric models.

KEY SKILLS:

- Experience in Cloudera Machine Learning and Apache Impala frameworks;
- Proficiency in SQL;
- Implementing simulation (with Matlab or Python) both qualitatively and quantitatively.
- Expertise in Probability, Statistics, Optimization, and Mathematical Analysis.
- Experience working with large financial market datasets.

PROFESSIONAL EXPERIENCE

10/2018–02/2023 **SOC Data Scientist**
Company: CSI Piemonte — Turin, Italy.
Description: Alert creation and management of security incidents. Monitoring and identification of malware with deep learning algorithms (LSTM Networks).

02/2023–02/2024 **Trainee in Data Science and Statistics**
Institution: European Central Bank — Frankfurt, Germany.

Description: Financial markets data analysis and production of Short-term European Paper (STEP) statistics.

Monitoring and management of automatic processes that collect, transform, and disseminate daily close-of-business and high-frequency intraday financial markets data from external providers such as Bloomberg and LSEG.

03/2024–09/24 **Teaching Assistant in Statistics for Engineering, Probability for Computer Science and Statistics for Agricultural Science**

Institution: University of Salerno — Fisciano, Italy.

Description: Supporting students in solving probability and statistics exercises.

10/2024–Current **Marie Skłodowska-Curie PhD Fellow in Statistics and Econometrics**

Institution: Babeş-Bolyai University — Cluj-Napoca, Romania.

Research Topic: Predicting financial trends using text mining and NLP.

For Further details see [1](#) and [2](#)

04/2025–Current **Visiting Researcher**

Institution: Raiffeisen Bank International — Vienna, Austria.

Description: Performing KPI extraction from ESG reports using text mining techniques and analysing the resulting data to identify trends in financial markets.

EDUCATIONAL BACKGROUND

10/2020–03/2024 **Master Degree in Mathematical Engineering** with a final mark of 106/110
Polytechnic University of Turin, Italy

10/2018–10/2020 **Second-Level of Professional Master's Programme in Digital Innovation for The Public Sector**
University of Turin, Italy

12/2015–09/2018 **Master Degree in Mathematics** with full marks honours (110/110 *cum laude*)
University of Salerno, Italy

10/2012–12/2015 **Bachelor Degree in Mathematics** with full marks honours (110/110 *cum laude*)
University of Salerno, Italy

ADDITIONAL ACTIVITIES AND RECOGNITIONS

10/2020 Recipient of "Start and STEM" Scholarship awarded by Unione Industriali di Torino ([link](#)).

10/2021-02/2022 Volunteer as Mathematics Teacher at the middle school
"Istituto Comprensivo Statale" of Vinovo, Italy.

10/2021-02/2022	Teaching assistant for the "Mathematical Laboratory" course of the bachelor's degree program in Engineering at the Polytechnic of Turin.
03/2022-09/2022	Teaching assistant for the "Mathematical Analysis" course of the bachelor's degree program in Computer Science at the University of Salerno.
03/2022-09/2022	Teaching assistant for the "Mathematical Methods for Chemistry" course of the bachelor's degree program in Chemistry at the University of Salerno.
04/2025	The Warsaw Econometric Challenge - Formed a team with other MSCA PhD researchers; reached the finals among over 150 international teams (link).
01/2026	DoCRA - Doctoral Colloquium on Risk Analytics, Session 4: Networks and risk propagation. Honour course for Doctoral students interested in analytical (both theoretical and applied) methods for the measurement, management and mitigation of risks (link)
04/2026	The Econometric Game, Amsterdam - Captain of the first-ever qualified team of Babeş-Bolyai University (link).
04/2026	Recipient of a travel grant, offered by the COMPTTEXT Association (link).

CONFERENCES

02/2025	Invited speaker at "The Fourth International Conference on Mathematics and Statistics"(link ICMS2025)" - Sharja University, United Arabs Emirates.
08/2025	Invited speaker at ERMAS 2025 - Iasi, Romania (link).
10/2025	Invited speaker at IFC Satellite Seminar on “Sustainability data issues and central banks’ experience”, organized by the Bank of International Settlements, De Nederlandsche Bank and the Irving Fisher Committee - Amsterdam, Netherlands (link).
11/2025	Invited speaker at CERS - Cluj-Napoca, Romania
12/2025	Organizer of The Second AI in Financial Markets Research Forum, Raiffeisen Bank International - Vienna, Austria (link)
04/2026	Invited Speaker at COMPTTEXT 2026 - Birmingham, United Kingdom (link).

June 14, 2026
